CALCIUM CARBONATE PRODUCT GUIDE

Essential agricultural and industrial mineral solution
for multiple applications

ABOUT CALCIUM CARBONATE

Calcium carbonate (CaCO_3) is a versatile mineral widely used in agriculture, cultivation, and industrial applications. It helps improve soil quality, supports healthy crop growth, and contributes to maintaining balanced growing conditions. Suitable for mushroom cultivation, farming, construction, and manufacturing processes, calcium carbonate provides reliable performance across different environments.

- **DESIGNED FOR AGRICULTURAL & INDUSTRIAL APPLICATIONS**

A dependable mineral solution for improved cultivation, soil support, and industrial performance.

APPLICATIONS

Suitable for a wide range of agricultural, cultivation, and industrial applications, ensuring reliable performance and effective material support.

• USAGE LIST

**MUSHROOM
CULTIVATION**

**AGRICULTURAL
FARMING
APPLICATIONS**

**SOIL
IMPROVEMENT
SOLUTIONS**

**INDUSTRIAL
PROCESSING USE**

**CONSTRUCTION &
MANUFACTURING
SOLUTIONS**

• AVAILABLE SIZES

Available in practical quantity options designed to support different agricultural and industrial requirements.

Calcium Carbonate Pack Sizes

25 kg

KEY FEATURES

Our calcium carbonate products are designed to provide reliable agricultural and industrial support for cultivation, soil management, and manufacturing needs. Carefully processed for consistent quality and effective performance.

• FEATURE POINTS

- **Supports Soil Quality**
Helps improve growing conditions and crop development
- **Reliable Agricultural Solution**
Suitable for farming and cultivation applications
- **Versatile Industrial Usage**
Can be used in multiple processing environments
- **Consistent Material Quality**
Designed for dependable and efficient performance

• PRODUCT SPECIFICATIONS

- **Product Type:** Calcium Carbonate (CaCO_3)
- **Usage:** Agriculture and industrial applications
- **Application:** Soil improvement and cultivation support
- **Quality:** Processed for reliable performance
- **Availability:** 25 kg option

THANK YOU

Thank you for choosing Senasuma Polythene. We are committed to providing reliable agricultural and industrial solutions for productive and efficient operations.

SENASUMA POLYTHENE CENTER

Address: Panadura road, Henegama, Pokunuwita.
